

All of your theoretical training **in one place...**

All the theory courses anyone needs in one place. E-learning that makes the abstract seem **real**, the complex so **simple**, and the distant dream of becoming a pilot so achievable. Aviation training by Evionica makes the theory more practical so pilots do not feel that they know, but can actually show that they know.

PPL(A)

N-VFR

ATPL(A), IR, CPL(A)

E-learning with Evionica always captures the moment - using the latest, cutting-edge technology for **modern** flight training needs, ensuring we are always informed, informative and **compliant** with international regulations. Learning with Evionica is an **immersive**, interactive experience that is accessible wherever you are, whenever you need.

MEP(L)

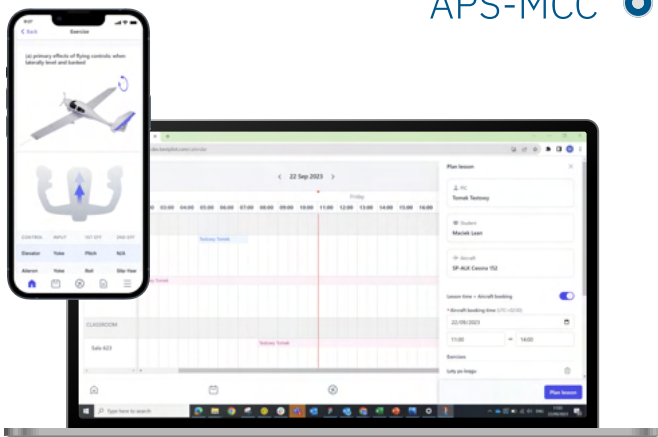

A-UPRT

CRM, MCC, JOC

APS-MCC

All of your **practical training** managed in one place...

Imagine a place that contains all your theory and practical training records; imagine a digital solution that prepares your billings for you; imagine a place where aircraft, instructors, students, schedules and course materials are **all connected**. That place is Evionica's Best Pilot - the all-in-one Flight Training Management Software.

... and your aircraft systems training **in one place!**

A worm's-eye, bird's-eye, eagle-eyed view, providing **insight** on the inside, and outstanding graphics on the outside of major aircraft. For a deeper **understanding** of aircraft systems, limitations, and performance, look no further than our aircraft systems courses.

General Aviation Subjects

SE/ME Aircraft Systems Training

Diamond DA20/40/42, Piper PA-44,
Cessna 172S, Tecnam P2006T/2008JC ...

TR Aircraft Systems Training

Airbus A320 ceo/neo, A330 ceo/neo,
Boeing 737 NG/MAX, Aircraft Procedures
Training, Differences Training, Bell 412,
Robinson R44 ...

Evionica's **One Solution** Approach

Multiple Providers + Multiple Systems + Multiple Resources = a multitude of logistical problems, compatibility issues and expense. One Solution that meets all your theory, type rating, LMS and flight training management needs = efficiency and reliability. The equation is simple, the answer lies in Evionica's One Solution Approach.

About **Evionica**

Evionica provides intelligent solutions that improve business and training worldwide. All aviation training courses are designed by pilots and instructional experts for pilots and instructors, and the globally recognized Weight and Balance tools have brought next generation improvements to the aviation industry.
